

See How Kaspersky Compares:

- *Unmatched anti-malware protection*
- *Smallest footprint for fast performance*
- *Comprehensive management & reporting*
- *Easy to install, easier to manage*

Kaspersky Lab vs Avast!

- **Kaspersky Lab Has Better Detection and Protection Rates According to Independent Testing Labs:**
 - **Anti-Malware Test Lab** (www.anti-malware-test.com): Kaspersky Lab was the only vendor to receive the Gold award in all 6 testing categories. Avast! failed two of the six tests and was not tested for Root-Kit Detection.
 - **AV Comparatives** (www.av-comparatives.org): In the May 2009 report, Kaspersky Lab received an Advanced+ rating while Avast! received only a standard rating due to a high number of false alarms. Kaspersky Lab also received the Approved Corporate Product Award from AV Comparatives in the May 2009 "IT Security Products for Corporate Users" report. Avast! was not tested in this report.
 - **Virus Bulletin** (www.virusbtl.com/vb100): In the June 2009 report, Kaspersky Lab received the VB100 Award for the third time this year, scoring higher detection rates in 3 categories than Avast! did.
- **Kaspersky Lab has world-class support:** Kaspersky provides all customers, regardless of their support level, a toll-free support number. Call times average less than 4 minutes. All multi-lingual Americas support is handled out of our Boston headquarters. Avast! does not have phone support or Live Chat.
- **Kaspersky Lab provides constant updates:** Kaspersky provides hourly updates for almost 3,000 signatures a day. Avast! updates daily.
- **Kaspersky Lab has automated rip and replace, including remote installation:** Kaspersky Lab will automatically remove the incumbent anti-virus program and install the Kaspersky product without user intervention. Avast! does not have this capability.

Quick Facts

	Kaspersky	Avast!
