# HP Pro 3420 All-in-One Business PC
Keep up the good work, stylishly.

A completely new all-in-one design with business PC performance and all-around versatility perfect for everyday business.

HP recommends Windows 7 Professional.

Business class.

With its sleek, minimalist industrial design this PC is sophistication personified. The HP Pro 3420 All-in-One Business PC has a clean look that will stay current for years to come. Work comfortably with the 20" diagonal HD[1] LCD display that tilts and swivels to allow for optimum placement, helping you create an ideal workspace. The space-saving design frees up your desktop space for an uncluttered computing experience. Just unpack, place, plug in, and get to work. No need to hassle with connecting multiple pieces of hardware.

Stylishly flexible.

The commercial design is ready for the most demanding enterprise environments and makes a great PC for everyday computing on a desk, in the classroom, or in customer-facing areas. Your all-in-one desktop computer can be configured with a mini wireless NIC[2] option that includes an antenna integrated into the chassis. Wireless options from HP help you save room on your desktop.

Its high-gloss finish and conveniently positioned ports and connectors make the HP Pro 3420 perfect for small spaces. Included on the slim chassis are side and rear audio ports and an integrated 6-in-1 Media Card Reader conveniently located to make it easier to load and transfer media. The updated, professional design will stand out without standing in the way.

Equipped to collaborate

It's easy to collaborate with colleagues around the globe. We make face-to-face meetings simpler with the built-in webcam[3] and microphone array. Co-workers can join you in front of the 20"diagonal HD[1] widescreen LED backlit display and enjoy high-quality sound from the integrated premium stereo speakers. The webcam[3] also captures photos and videos clips to review and share.

Simply the latest technology.

You've got the latest in business computing technology with Intel's 2nd generation Core Processors[4] paired with a powerful Intel chipset. Intel HD[1] graphics supports your businesses need for high performance graphics and media processing. The HP Pro 3420 offers you a choice of standard SATA hard drives up to 2 TBs[5], and an optional DVD Writer[6] so you can meet your business data storage and replication needs today and tomorrow.

Built to simplify business computing

We include innovative engineering and exhaustive testing in every HP Business PC. Your HP Pro 3420 All-in-One is ready to work and includes preinstalled and downloadable software that help you protect your PC, save time and boost productivity. And, HP CarePack Services[6] is available to complete your worry-free computing experience. Visit www.hp.com/go/desktops for more information.
